Adjustment to Expected Family Contribution 2017-18

You may complete this professional judgment request if your, your spouse's, or your parents' (for dependent students) financial, marital, or family situation has changed or differs significantly from the information you originally provided on your 2017-18 Free Application for Federal Student Aid (FAFSA), which was based on 2015 tax and income information, but current household and asset information.

Our office will review the information from this form, required supporting documentation you provide (see below), and information from your FAFSA application to determine if we can make any adjustments to your Expected Family Contribution (EFC), which may assist you in receiving increased eligibility for need-based federal financial aid. Please note: submitting this form in and of itself, does not guarantee that your request will be approved, or that you will qualify for additional aid. Whether you receive additional financial aid will depend on your new eligibility status and the availability of funds.

REQUIRED SUPPORTING DOCUMENTATION (must be submitted with this form):

- **Personal Statement:** Please attach a personal statement, written, signed, and dated statement that explains your special circumstances. Also list ALL income currently received by your household. Be sure to include all pertinent information and dates of events.
- Use of the IRS Data Retrieval Tool on the FAFSA, OR submission of 2015 Tax Return Transcript:

If you or your parents DID use the IRS Data Retrieval Tool when completing the FAFSA (and did not change any transferred information), you should also provide signed copies of the 2015 federal income tax return (completed IRS 1040, 1040A, or 1040EZ form) or the 2015 IRS Tax Return Transcript.

If you or your parents DID NOT use the IRS Data Retrieval Tool when completing the FAFSA, you must submit the 2015 IRS Tax Return Transcript(s). To request a transcript, contact the IRS at 1-800-908-9946, or visit www.irs.gov, and select "Get a Tax Transcript" under the Tools list on the IRS homepage. Be sure to request the Tax Return Transcript, NOT the "Account Transcript" and NOT a copy of the actual return(s). NOTE: You may still elect to use the Data Retrieval Tool by accessing the student's most current FAFSA application online, selecting "Make FAFSA Corrections", and navigating to the Financial Information section of the FAFSA.

• Copies of 2015 W-2 forms, tax schedules, and/or other income documents (such as benefits statements).

Please provide an explanation and documentation of these funds. Be aware that one-time funds that are not treated as recurring income will be counted, in most cases, as asset information on the FAFSA (i.e., an increase to cash/savings/checking data). This is because the FAFSA formula assumes that part of these funds, when considered as income, should be used for the student's education. However, considering them as asset information, instead of recurring income, often benefits the student when it comes to financial aid eligibility.
