This form is used to request an increase to your Cost of Attendance (COA) for additional housing and utilities expenses above those already included in the standard cost of attendance. Please access the following link for more information about Cost of Attendance: http://finaid.olemiss.edu/cost-of-attendance/. Budgetary increases for extraordinary housing and utility costs can be considered for either the combined fall/spring term or summer term (separate requests are required for fall/spring and summer terms).

I certify that the information and documentation provided are complete and true to the best of my knowledge. I also understand that any undocumented expenses will not be considered. I further understand that fall/spring housing and utility cost adjustments are based on nine months since the standard Cost-of-Attendance budget components for fall/spring housing are derived based on nine months: September through May. I also understand that for summer, adjustments are based on four months since the standard Cost-of-Attendance budget components for summer housing are derived based on four months: May to August.
