

Extraordinary Housing and Utilities Adjustment Form  
2024-2025

This form is used to request an increase to your Cost of Attendance (COA) for additional housing and utilities expenses above those already included in the standard cost of attendance. Increasing your COA to include the additional costs **does not guarantee** that you will have remaining eligibility available to you for the academic year. For 2024-2025 you can reference <https://finaid.olemiss.edu/cost-of-attendance-2024-2025/> to see the housing allowance that best fits your academic level/program. You should not submit this form if you are not exceeding those allowances. Budgetary increases for extraordinary housing and utility costs can be considered for either the combined fall/spring term or summer term (separate requests are required for fall/spring and summer terms).
